and

Specimen Stock

Fall 1935

The Tingle Nursery Co.
Pittsville, Maryland.

Business Information

It may interest you to know that our Spring 1935 sales were thirty one percent better than the were in the Spring of 1934. All stock sold by catalog or to purchasers coming to our nursery and buying after seeing the stock. No "high powered" salesmen in the road. We expect repeat orders only on the values we give you.

PRICES named in this Trade List apply only to orders placed by nurserymen, florists and dealers.

PACKING. All goods are packed in boxes or bales for which we make a charge sufficient to cover cost of material used. Please state whether goods are to be shipped by express or freight and name route. After delivering to forwarders, all articles are entirely at the risk of purchaser, and if any loss or delay occurs the forwarders alone must be held responsible.

CLAIMS, if any must be made immediately upon receipt of goods, when they will be carefully examined and if just made satisfactory, but in no case are we responsible for more than the purchase price of the stock in question. We will not be responsible for failure to fill orders in **full**.

TERMS. We offer the usual terms; net 30 days from date of shipment to those of known responsibility but must have satisfactory business references from others or remittance must accompany order. Those desiring stock shipped by express C. O. D. will please remit one fourth the amount of their purchase when ordering. Other terms by special arrangement.

NON-WARRANTY. We give no warranty expressed or implied, the purchaser assuming all risk and responsibility of transportation, planting, growth, life of stock or any other matter on any stock we sell. We send out good stock carefully grown and packed but cannot control conditions after it leaves our care. We exercise the greatest care to keep our stock true to name and are willing to replace on proper proof all stock that may prove otherwise, or refund the amount paid us for such stock, but it is mutually agreed that we shall not at any time be liable for any greater amount.

TELL US HOW TO SHIP. Whether by freight or express and give railroad delivery if by freight.

THESE PRICES are in effect August 1, 1935, and are subject to any changes that may become necessary. However, should any increases be made we will notify you when we acknowledge your order.

PLAN TO VISIT OUR NURSERY

We will certainly be glad to have you come and see our stock for yourself. We have many items in too small lots to list. Among them there may be some that you are especially desirous of securing.

We are located on the Eastern Shore of Maryland, about 100 miles directly south of Wilmington, Del. See road map on fourth cover page.

AS GOOD AS CAN BE GROWN

We are exerting every effort to produce the very best stock that can be grown, and in our twenty-nine year's experience we believe we have never offered bigger values than we are offering this season. We feel sure that you will be more than pleased with the stock we send you. We value your friendship and orders, and will do our utmost to keep your good will. We believe you will find our stock as good as you can get anywhere, regardless of the price you may pay.

Specimen Stock

	Each	10	100
ABELIA Grandiflora (Bush Arbutus)			
2 to 3 ft.	\$0.40	\$3.00	\$25.00

6 to 7 ft. B&B	3.00		
Leptolepsis (Japanese Larch)				
5 to 6 ft. B&B	\$2.00		
6 to 7 ft. B&B	3.00		
LEIOPHYLLUM Buxifolia (Box Sandmyrtle)				
8 to 12 in.	\$0.40	\$3.50	
Prostrata (Allegheny Sandmyrtle)				
6 to 8 in.	\$0.50	\$4.50	
LILIUM Philippinense Formosanum				
Transplanted blooming size bulbs	...		\$1.00	\$7.50
LINDEN Cordata (Small Leaf Linden)				
4 to 5 ft.	\$0.50	\$4.50	\$40.00
6 to 8 ft.75	6.50	60.00
LIQUIDAMBER Styraciflua (Sweet or White Gum)				
5 to 6 ft.	\$0.50	\$3.50	\$30.00
6 to 8 ft.60	5.00	40.00
8 to 10 ft.75	6.00	50.00
10 to 12 ft.	1.00	8.50	75.00
12 to 14 ft.	1.50	12.50	100.00
The above are very heavily calipered				
LONICERA Halliana (Hall's Japanese Honeysuckle)				
2 yr. field grown plants		\$1.00	\$7.50
MAGNOLIA Conspicua (Yulan Magnolia)				
3 to 4 ft. B&B	\$3.00	\$25.00	
Grandiflora (Evergreen Magnolia)				
2 to 3 ft. B&B	\$0.75	\$6.50	
3 to 4 ft. B&B	1.00	8.50	
Lennei				
3 to 4 ft. B&B	\$3.00	\$22.50	
4 to 5 ft. B&B	4.00		
Glauca (Sweetbay Magnolia)				
18 to 24 in. B&B	\$0.50	\$4.00	\$35.00
2 to 3 ft. B&B75	6.00	50.00
3 to 4 ft. B&B	1.00	8.50	75.00
Can furnish above in large quantities.				
Liliflora Nigra (Magnolia Purpurea)				
2 to 3 ft. B&B	\$1.25	\$10.00	
6 to 7 ft. B&B heavy plants	6.00	50.00	
7 to 8 ft. B&B heavy plants	7.50	65.00	
Stellata (Star Magnolia)				
2 to 3 ft. B&B	\$3.00		
Soulangeana (Saucer Magnolia)				
2 to 3 ft. B&B	\$1.50	\$12.50	
3 to 4 ft. B&B	1.75	15.00	135.00
4 to 5 ft. B&B	2.50	22.50	
MAHONIA Beali (Leatherleaf Hollygrape)				
8 to 12 in. nice	\$0.35	\$3.00	
MALUS (Flowering Crab)				
Bechtel's (Pink) 3 to 4 ft.	\$0.50	\$4.00	
Dawsoniana (White) 8 to 10 ft.	1.25	10.00	
Eleyi (Red) 8 to 10 ft.	1.25	10.00	
Floribunda (Pink) 6 to 8 ft.75	6.50	
Mandshurica (White) 3 to 4 ft.50	4.00	
Prunifolia Rinki (White) 4 to 5 ft.	..	.50	4.00	
5 to 6 ft.65	5.00	
6 to 8 ft.75	6.50	
Robusta (White) 4 to 5 ft.50	4.00	
5 to 6 ft.65	5.00	
6 to 8 ft.75	6.50	
Sargents (Pink) 2 to 3 ft.50	4.50	
Schedecki (Rose) 6 to 8 ft.75	6.50	
Zumi (Pink and White) 6 to 8 ft.75	6.50	
MAPLE Dasycarpum (Silver Maple)				
5 to 6 ft.	\$0.25	\$1.75	
6 to 8 ft.35	2.50	
Ginnala (Amur Maple)				
5 to 6 ft.	\$0.50	\$4.00	

MAPLE, Continued

A GARDENING DICTIONARY—"HORTUS"

By L. H. and ETHEL Z. BAILEY

Easy to use, accurate and non-technical. This great book comes closer than any other single volume to answering every question about gardening. It includes every kind of ornamental fruit and vegetable plant grown today with brief but complete information on their uses, cultivation, hardiness, propagation, preferred soil, color, identification, etc. Common names are used throughout, all botanical names are defined, and the book is so conveniently arranged and compressed that it is marvelously easy to handle. 35 illustrations, 652 pages. This book has just been reduced from \$10.00. Price \$5.00 postpaid.

A NEW BOOK—AZALEAS AND CAMELLIAS

By H. H. HUME

Interest in Azaleas and Camellias is greatly increasing. Until now, little information on varieties, care, and culture of these plants has been available. Mr. Hume accurately and thoroughly describes the varieties best suited for various uses and discusses questions on culture, such as soils, fertilization, planting, propagation, and general care, indoors and out. He has taken special care to describe accurately the several groups and varieties, and his suggestions on the use and culture are very practical. If you are growing Azaleas and Camellias you will find this book of much help. Price \$1.50 postpaid.

Semi-Specimen Plants

The stock listed below has been transplanted two or more times and is nice stock with a heavy root system. Has been growing in field rows two years since transplanting. By planting this you will soon have specimen stock for sale or if you have a demand for semi-specimen stock this will be just what you want. We can ball and burlap at an additional cost of five cents per plant in any quantity. Come and see it.

One Year's Growth Free

We have a small quantity of the following plants which were grafted during the winters of 1932-33, and grown in pots and beds since then. We are offering these plants at just a little more than for established pot grafts. You are getting two or three year's extra growth. If you want any of these plants you had better order early as our supply is limited.

PLANT PROPAGATION—999 Questions Answered

A book by Alfred C. Hottes. The increasing of plants by seeds, cuttings, divisions and by grafting is one of the most fascinating miracles each of us can perform. This little book tells how, 238 pages; 136 illustrations. Price \$2.00 Postpaid.

Root Grafts

We are again offering a list of root grafts of stock that is very much in demand at the present time. We can furnish most of these varieties in thousand lots or more. Advise ordering early as they are made to order only. If you want other stock grafted ask us about it. Our prices will be reasonable.

LILACS

Price: \$6.00 per 100; \$50.00 per 1000

Tough Waterproof Paper Labels

We can furnish a tough paper label slotted in one end one half inch wide x 7¼ inches long, one or assorted colors, not printed at \$1.00 per 1000, \$7.50 for 10,000, \$27.50 for 50,000. Printed to order on one side 1,000 for \$1.75, 10,000 for \$11.50, 50,000 for \$43.50.

How Plants Get Their Names. By L. H. Bailey.

Every gardener or nurseryman sooner or later finds himself struggling with the language of horticulture. This pronouncing key makes it possible to talk about plants without uncertainty or embarrassment. Here are the sources of plant names, the systems of nomenclature, modern usage, and an account of the famous botanists who fixed the rules of naming plants. 209 pages, illustrated.

Price \$2 25 Postpaid.

LINING-OUT STOCK

Spring 1935 sales of lining-out stock exceeded any previous season in both quantity of stock and volume of sales. We are exceedingly grateful to all who helped in making this so. We believe some of the reasons for our sales of lining-out stock increasing each year are: our reputation for furnishing good stock, our reasonable prices, and our assortment of stock. We do not believe any nursery is offering as large an assortment of varieties at as low prices. We are ideally located for producing this class of stock and always try to offer the new, worth while varieties as soon as we can. Items marked with an * are new offerings this season.

If you have been getting your lining-out stock from us you know the kind of stock we furnish, but if you have never purchased any from us look through this list and try us out this season. Our business is 29 years old and we have always tried to give full value in all our orders.

Nearly all this stock has been one or more times transplanted. That which has not been is designated by the letter S which signifies that it is a seedling.

THE MODERN NURSERY, A BOOK BY

ALEX LAURIE and L. C. CHADWICK

Contains the latest practical information on all phases of plant propagation, culture and handling. Discusses the location and layout of the nursery, tools, buildings, soils, fertilizers, plant reproduction and propagation with tables showing the method for all plants, cultural practices, storage, packing, grading, office management, marketing and nursery laws, quarantines and plant patents. Contains 52 tables, 107 illustrations, 500 pages, fabrikoid binding. An invaluable book for the nurseryman. Price, \$5.00 postpaid.

MANUAL OF CULTIVATED TREES & SHRUBS

By Alfred Rehder. The most complete reference available on trees and shrubs. The "Supreme Court" for decisions about plants. 967 pages. Was \$10.50. Special price \$5.00 postpaid.

The Design of Small Properties. By M. E. Bottomley.

Here are 52 carefully designed plans, one or more which will give you just the planting layout you may want for any particular job. Each plan is fully described and explained so that you can easily modify it to fit any special conditions. A check list of nearly 600 plants showing the height, color, time of bloom, foliage, growing habit, soil requirements, etc., of each one shows you what to plant. 64 illustrations, 233 pages. Price \$2.50 Postpaid.

Peonies

Whether you use Peonies for your own planting or for resale to your customers we assure you **any order placed with us will be filled with stock that will please both you and your customers.** We will ship to you or direct to your customer, as you may wish. We always try to give full value for every cent spent with us.

Prices quoted are for standard 3 to 5 eye divisions, with a well balanced root system.

500 Peonies for \$40.00

We will select 100 each of five good cut-flower varieties labeled as to name. Our regular prices on these are much more than this but we have a large surplus of some of the good cut-flower sorts and are using this means to reduce our stock. This is your chance to get a good collection of Peonies with a little investment.

Let us have your order as early as possible.

We will certainly be glad to have you come and see our stock for yourself. We have many items in too small lots to list. Among them there may be some that you are especially desirous of securing.

THE BOOK OF GARDEN FLOWERS. By Robert M. McCurdy.

A handy guide to identification, containing brief descriptions and cultural notes on nearly 700 separate species and varieties. 311 pages. 109 flower illustrations. Price \$1.95 postpaid.

Strawberry Plants

You should get ready for a big Strawberry plant business this season. Berries sold well in most sections last season the the growers made money on them, this will cause a demand for the plants this season. We will be glad to tell you the best varieties to push and help you in any other way we can.

We should have five milion plants to offer this season and will ship to you or direct to your customers under your tags. Shipping direct to your customers saves you the handling and carriage charges and delivers the plants in a fresher condition.

Let us take care of your Strawberry plant orders this season. We have had 29 years growing and packing experience with strawberries. Our plants will give you and your customers satisfaction.

These prices are for delivery after October 20th.

Ask for special prices in large lots.

ABERDEEN. A very popular variety in Pennsylvania and New Jersey. Fruit is medium to large, of conical shape, an attractive dark red, and of very good quality. Very profitable because of its hardness, ability to fruit under most trying conditions, its productiveness and quality of fruit. Early midseason to late.

AROMA. This is one of the old reliable midseason to late varieties and extensively planted in many sections. Produces large crops of perfect shape light red berries with a bright green cap.

BIG JOE. In a list of the best five varieties you will most always find Big Joe. Ripens in midseason. Does well on most all types of soil; plant very vigorous, and very productive of large, bright red berries with a large green cap; good shipper and a good seller.

BEAUTY. One of the newer midseason varieties. Both berries and plants are extra large; good cropper and brings good prices. A real fancy berry.

BLAKEMORE. Another early variety developed by the U. S. Department of Agriculture and we believe it the best of all the early berries where it does well. However, it does not seem to do as well as Premier in some sections. A cross between Premier and Missionary; a good plant maker; a heavy producer of bright red berries, ripening a little ahead of Missionary; bright green caps; medium to large, round to conical; firm and a good keeper and shipper.

CHESAPEAKE. This is the finest dessert berry of the late varieties and will keep better and sell at higher prices than any other late berry we know of. The fruit is large and handsome and will stay so until the end of the fruiting season. Berries are a rich, glossy red with bright yellow seed, have a large green cap and are very uniform size. Chesapeake is firm and will carry to the markets in the best of condition.

GANDY. Forty six years old and still good as an extra late berry if given a good fertile moist soil. The berries are strictly fancy, large, good quality, bright red with a large green cap. A good keeper and shipper.

DORSETT. Another early berry developed by the U. S. Department of Agriculture. The berries are medium light in color firm and of excellent flavor; in fact Dorsett and Fairfax are considered the two best flavored of all the early varieties. They are both good sellers bringing a premium over all other varieties in the markets. They are new varieties, good healthy growers, extra quality fruit, heavy producers, good sellers, and the demand for plants of these two varieties is probably the heaviest of any new variety ever introduced. A money maker for both grower and seller.

FAIRFAX. What we say above about Dorsett also applies to Fairfax with the difference in color of the fruit; Dorsett is a brighter red than Fairfax but seems to be equally as productive and as good grower. There is no doubt of the demand for plants of these two varieties and judging by past results the demand is going to keep up on account of the profit in growing the berries. Push Dorsett and Fairfax this season.

GIBSON. Another old standard midseason variety. Heavy fruiter of bright red berries with an attractive green cap; good for canning and preserving but does not carry well to distant markets.

GLEN MARY. In New York and the New England this variety is very popular but in some other sections it does not do well at all. The fruit is large, and dark red in color, midseason, good grower.

HOWARD 17. This is so near like Premier that it is hardly possible to tell any difference although some growers think it better.

LUPTON. One would not likely grow this variety if he was going to eat the fruit himself as it does not begin to have the quality of some of the others but it is very attractive and shows up so well when it arrives on the market that it most always brings the top prices and this is what the commercial grower is interested in. Good grower, late, attractive and sells well.

PREMIER. For a good many years this has been the best plant seller of them all, hence, has been a profitable one for the berry grower. Early, almost frost resistant, always producing good crops, attractive, good grower, productive, medium to large berries, and if not too wet at picking time a good shipper but if there is a lack of sunshine the berries do not keep well. In some sections they will not plant anything else for a crop of early berries. Plant it; sell it. We have the nicest lot of plants of Premier this season that we have ever grown and will appreciate your orders.

WM. BELT. This is one of the best flavored of the late berries. The berries are irregular in shape, fairly large, bright glossy red with a green cap. For the home garden or local market Wm. Belt is still good.

WYONA. This is the berry that will extend your season a week after Chesapeake and Gandy are through. Berries are large, bright red, firm and good shippers. Good grower and productive. For an extra late berry we recommend this one. Quality also is excellent.

FALL BEARERS. These berries are now so generally known that it is hardly necessary to say much about them. **Mastodon** is recognized as being the best for commercial purposes. **Champion** or **Progressive** is the old standard one and probably the best flavored. **Lucky Strike** is the most spicy flavored of them all. We suggest that you make your reservations early as there were not enough of these plants to supply the demand last season. We have a nice lot of plants to offer and will be glad to book your order.

We've been growing Strawberry plants these 29 years.

We Want Your Price Lists

We mail these catalogs to every state in the Union and frequently we are asked about plants we do not grow. When we can we tell them where they can secure the plants, but sometimes we do not know. We keep a file of catalogs, price lists and surplus lists and refer to them often. We are also interested in securing any new or worthwhile plants for our own planting.

If you will send us your lists we will keep them on file and gladly refer parties inquiring about stock to you if we do not have it and you do. By sending your lists to us it may help us to help others in securing the plants, etc. that they may want. There will be no charges for this service.

Sources of Supply Furnished

If you want any stock that we are not offering send us a list stating quantity and size, and if we do not have it we will try to locate it for you. There will be no charge for this service.

Seeds Wanted

We are constantly in the market for all kinds of tree, shrub and perennial seeds. If you can furnish any of these let us have your lists and prices. We are only interested in the seeds that are fresh and true to name. If you want seeds we may be able to tell you where you can purchase them. Write us.

Useful and Helpful Books

The Book of Trees. By Alfred C. Hottes.

A fine handbook covering all important trees by description and culture. 448 pages, 180 illustrations. \$3.50 postpaid.

The Book of Shrubs. By Alfred C. Hottes.

Gives lists of different shrubs for different purposes. Methods of propagation, uses, soils, pruning, etc. are fully taken care of. 448 pages, 187 illustrations. \$3.00 postpaid.

Foundation Planting. By Leonard H. Johnson.

Shows photographs with stock used in hundreds of actual plantings. Probably the best book on the subject published. Very practical. 258 pages, 208 illustrations. \$5.00 postpaid.

Nursery Sales and Management. By Nelson Coon.

Containing just the things a beginner or small nurseryman should know. 240 pages, 54 illustrations. \$1.50 postpaid.

Black's Gardening Dictionary. By E. T. Ellis.

The information contained in its 1254 pages is practical and authoritative. Its cultural information and practical hints make it invaluable to the nurseryman and gardener. \$5.50 postpaid.

The Nursery Manual. By L. H. Bailey.

The standard reference and guide on the propagation of plants. Is indispensable for everyone who grows plants. \$3.00 postpaid.

The Principles of Floriculture. By Edw. A. White.

Valuable for its clear, concise information on all the general operations in flower growing. 487 pages. \$3.25 postpaid.

THE ROCK GARDEN. By Louise Beebe Wilder. Tells how to plant, what to plant, when to plant and how to care for a rock garden. 224 pages; 27 photographs. Price \$1.50 postpaid.

A NEW BOOK—AZALEAS AND CAMELLIAS

By H. H. HUME

Every point about growing both of these plants is carefully explained here—soils, time and method of planting, cultivation, mulching, pruning, frost protection, feeding, pot and tub culture, pests, diseases, and propagation. Its information holds good for every region where either plant is grown, outdoors or indoors. It describes 164 kinds of Azaleas, giving information on their color, type, time of bloom, foliage, growing habit, size, range of hardiness, and other characteristics. The method of growing and care of Azaleas applies the same to Rhododendrons.

Do not fail to get this book if you are interested in Azaleas, Rhododendrons and Camellias. Price \$1.50 Postpaid.

Kurume Azaleas

The Kurume Azaleas have been known to America only about 15 years, but in that time they have made wonderful progress as hardly a garden but what has one or more varieties of this wonder type of Azaleas. They are also well adapted to forcing—thousands of them being sold for Mother's Day, Easter and Decoration Day. They are comparatively easy to grow and they make such a wonderful display that the demand is continually increasing. Many of the varieties are hardy out of doors as far north as Long Island. They are extremely floriferous, and in season the blossoms often completely hide the leaves. The colors are of almost every hue and shade as you will find below.

Each X means one transplanting.

Varieties with an asterisk * are the hose-in-hose or double type.

Our 1 yr. in field beds XX trans. have been grown in outside beds one year also in the greenhouse one year thus making them really two years old. The 2 yr. in field beds XX trans. have been growing in field beds 2 years and greenhouse 1 year.

Each 10 100

AMOENA.* Flowers rosy purple, in dense masses. Hardy and early flowering. The foliage assumes a pleasing bronze tint in the fall and winter months.

2 in. pot plants		\$1.50	\$12.50
1 yr. in field beds XX trans.	\$0.25	2.00	

J. T. LOVETT. A gorgeous late blooming variety, producing vast quantities of extra large salmon red flowers. For a late variety we recommend this one.

2 in. pot plants		\$1.00	\$7.50
1 yr. in field beds XX trans.		1.25	10.00
2 yr. in field beds XX trans.	\$0.25	1.75	15.00
6 to 8 in. B&B50	4.00	
8 to 10 in. B&B60	5.00	

KIMNAZOL. Large deep red flowers; petals and leaves very narrow. This is entirely different from any other Azalea we have ever seen.

2 in. pot plants		\$1.25	\$10.00
------------------------	--	--------	---------

KIRISHIMA (Damask Rose). This is a rare and attractive plant for spring bloom. During May it bears large white flowers with pale scarlet center.

2 in. pot plants		\$1.50	\$12.50
1 yr. in field beds XX trans.	\$0.25	2.00	17.50
2 yr. in field beds XX trans.35	3.00	

LAVENDER QUEEN. A fine shade of light lavender. Very free flowering. Large dark green leaves.

2 in. pot plants		\$1.00	\$ 8.00
1 yr. in field beds XX trans.		1.25	10.00
2 yr. in field beds XX trans.	\$0.25	2.00	

LORRAINE. Semi-double, deep rose. Large flowers. This is a good forcing variety.

2 in. pot plants		\$1.00	\$ 8.50
1 yr. in field beds XX trans.		1.50	12.50
2 yr. in field beds XX trans.	\$0.25	2.00	17.50
6 to 8 in. B&B60	5.00	

MACRANTHA. A salmon-red resembling Hinodegiri, but about a month later. Glossy dark green foliage.

2 in. pot plants		\$0.90	\$7.00
1 yr. in field beds XX trans.		1.25	10.00
2 yr. in field beds XX trans.	\$0.25	1.75	15.00
6 to 8 in. B&B60	5.00	40.00
8 to 10 in. B&B75	6.00	50.00
10 to 12 in. B&B85	7.00	60.00

Ask for special prices on large lots of above.

MACRANTHA FL. PL.* Large salmon-red flowers. Good grower. Late.

2 in. pot plants		\$1.00	\$ 8.00
1 yr. in field beds XX trans.		1.50	12.50
2 yr. in field beds XX trans.	\$0.25	2.00	

MAUVE BEAUTY. The medium sized flowers are freely produced. The flowers completely cover the plant when in bloom.

2 in. pot plants		\$1.75	\$15.00
1 yr. in field beds XX trans.	\$0.25	2.00	
2 yr. in field beds XX trans.35	2.75	

MORNING GLOW. Bright rose-pink, striped and blotched darker toward center. Glossy green foliage.

2 in. pot plants		\$1.75	\$15.00
1 yr. in field beds XX trans.	\$0.25	2.00	17.50
2 yr. in field beds XX trans.35	2.75	

MAXWELLI. Flowers large, carmine-red. Broad compact grower, hardy. The true variety is scarce.

1 yr. in field beds XX trans.		\$1.50	\$12.50
2 yr. in field beds XX trans.	\$0.25	2.00	
6 to 8 in. B&B60	5.00	

KURUME AZALEAS, Continued

ORANGE BEAUTY. Very large, beautiful orange-pink flowers in great clusters.

	Each	10	100
1 yr. in field beds XX trans.	\$0.25	\$2.00	

ORANGE QUEEN. A good growing deep orange colored Azalea. Scarce.

2 in. pot plants	\$1.00	\$ 8.00
1 yr. in field beds XX trans.	1.50	12.50
2 yr. in field beds XX trans.	\$0.25	2.00 17.50

PEACHBLOW. A fine Azalea with flowers a light shade of peach-blossom-pink. Tall grower.

2 in. pot plants	\$1.50	\$12.50
1 yr. in field beds XX trans.	\$0.25	2 00 15.00
2 yr. in field beds XX trans.30	2.50

PINK PEARL.* A beautiful salmon-rose, shading lighter to the center. Produced in dense clusters.

1 yr. in field beds XX trans.	\$1.50	\$12.50
2 yr. in field beds XX trans.	\$0.25	2.00 17.50
6 to 8 in. B&B60	5.00
8 to 10 in. B&B75	6.00

SALMONEA. Fine clear pink flowers. Very compact in habit. Late. Flowers large.

2 in. pot plants	\$1.00	\$ 7.00
1 yr. in field beds XX trans.	1.25	10.00
2 yr. in field beds XX trans.	\$0.25	1.75 15.00

SALMON BEAUTY.* Large flowers of a beautiful shade of salmon-pink. Foliage light green.

2 in. pot plants	\$1.00	\$ 8.00
1 yr. in field beds XX trans.	1.50	12.50
2 yr. in field beds XX trans.	\$0.25	2.00 17.50
12 to 15 in. B&B	1.25	

Ask for special prices on large lots of above.

SALMON QUEEN. An exceptionally fine shade of salmon-pink with large individual flowers. Light green foliage.

2 in. pot plants	\$1.00	\$ 8.00
1 yr. in field beds XX trans.	1.50	12.50
2 yr. in field beds XX trans.	\$0.25	2.00

SNOW.* Probably the best of the white Kurumes. Very free flowering. A compact grower.

2 in. pot plants	\$1.50	\$12.50
------------------------	--------	---------

SUNSTAR. Dark rose-pink with carmine stripe. A small, dainty flower.

2 in. pot plants	\$1.25	\$10.00
1 yr. in field beds XX trans.	\$0.25	2.00
2 yr. in field beds XX trans.35	3.00

SWEET BRIER. Dreer, the introducer, says "it is one of the hardiest of the Kurumes, and of a most attractive lively eglantine rose-pink.

2 in. pot plants	\$1.00	\$ 7.00
1 yr. in field beds XX trans.	1.25	10.00

Kaempferi Hybrid Azaleas

In these new Kaempferi Hybrids—the result of crossing Kaempferi and Malvatica—there has been obtained the hardiest type of evergreen Azalea, with a good range of form and color in the flowers so far achieved. Several years tests have demonstrated that these new Hybrids are just as hardy as Kaempferi, until now the hardiest of the evergreen sorts.

Our 1 yr. in field beds XX trans. have been grown in outside beds one year also in the greenhouse one year thus making them really two years old. The 2 yr. in field beds XX trans. have been growing in field beds 2 years and greenhouse 1 year.

	Each	10	100
ALICE. A large brilliant orange-red flower. 8 to 12 in. B&B	\$0.50	\$4.00	
ATALANTA. Immense large purple flowers. Plants are strong tall growers. 2 in. pot plants		\$1.00	\$ 7.50
1 yr. in field beds XX trans.	\$0.25	1.50	12.50
BETTY. Brilliant rosy-pink with a trace of orange. 1 yr. in field beds XX trans.	\$0.25	\$1.50	\$12.50
CARMEN. A large rose colored bushy growing variety. 1 yr. in field beds XX trans.	\$0.25	\$1.50	\$12.50
2 yr. in field beds XX trans.35	2.50	20.00
CLEOPATRA. A very hardy rapid growing upright variety producing an abundance of beautiful old-rose flowers. This makes a striking effect when used in mass plantings with varieties Fedora and Othello. 2 in. pot plants		\$1.00	\$ 7.50
1 yr. in field beds XX trans.	\$0.25	1.50	12.50
FEDORA. The exceptionally large salmon-rose flowers of this variety have won first prizes wherever exhibited. The hardiness and vigorous open growing habit recommend this variety especially for outdoor mass planting. Also an excellent forcing variety. 2 in. pot plants		\$1.00	\$ 7.50
1 yr. in field beds XX trans.	\$0.25	1.50	12.50
2 yr. in field beds XX trans.35	2.50	20.00
GRAETCHEN. A wonderfully distinct and beautifully clear mauve. 2 yr. in field beds XX trans	\$0.35	\$2.50	
KATHLEEN. Very large deep rosy-pink. 1 yr. in field beds XX trans.	\$0.25	\$1.50	\$12.50
8 to 12 in. B&B50	4.00	
LAKME. A compact bushy growing salmon-rose. 1 yr. in field beds XX trans.	\$0.25	\$1.50	\$12.50
LOUISE. An extremely large light rose flowering Azalea of tall, rapid growing habit. 2 in. pot plants		\$1.00	\$ 7.50
1 yr. in field beds XX trans.	\$0.25	1.50	12.50
MARTHA. A large mauve-pink flowered dwarf grower. The extreme hardiness and flat spreading habit recommend it for border planting. 1 yr. in field beds XX trans.	\$0.25	\$1.50	\$12.50
MARY. A very distinct deep pink of large size. 2 in. pot plants		\$1.00	\$ 7.50
1 yr. in field beds XX trans.	\$0.25	1.50	12.50
2 yr. in field beds XX trans.35	2.50	20.00
12 to 15 in. B&B60	5.00	
MIGNON. A delicate rose of medium bushy habit. 1 yr. in field beds XX trans.	\$0.25	\$1.50	\$12.50
MIKADO. This variety produces flowers the same red as Hinodegiri but is much hardier and has a tall upright growing habit. 1 yr. in field beds XX trans.	\$0.25	\$1.50	\$12.50
NORMA. A slow bushy growing plant with clear, bright pink flowers. 1 yr. in field beds XX trans.	\$0.25	\$1.50	\$12.50

KAEMPFERI HYBRID AZALEAS, Continued

	Each	10	100
OTHELLO. This brick-red flowering variety is very effectively used with Fedora and Cleopatra in mass plantings.			
1 yr. in field beds XX trans.	\$0.25	\$1.50	\$12.50
PURPLE KING. A good purple flower; good grower.			
1 yr. in field beds XX trans.	\$0.25	\$1.50	\$12.50
THAIS. A brilliant pink variety making compact, bushy plants.			
1 yr. in field beds XX trans.	\$0.25	\$1.50	\$12.50
WILLY. A fine large flower of pure clear soft pink.			
1 yr. in field beds XX trans.	\$0.25	\$1.50	\$12.50
12 to 15 in. B&B60	5.00	
ZAMPA. The striking large strawberry-red flower and the loose, open habit of this plant make it one of the most unusual.			
1 yr. in field beds XX trans.	\$0.25	\$1.50	

Arnoldiana Azaleas

In 1914 the late Jackson Dawson, then superintendent of the Arnold Arboretum, at Boston, Mass, created a splendid new type of hardy Azalea by crossing Azalea Kaempferi and Azalea Amoena. Of the seedlings thus secured a considerable number of them were grown at Boston from their infancy until flowering age, when the following ones of unusual beauty and vigor of growth were selected, discarding most of the others as less desirable. They have carried through fifteen winters in Massachusetts without protection or injury.

Considering their hardiness, their ultimate size, bushy form, splendid foliage, abundant bloom and desirable shades of color, they well deserve the distinction as "the most outstanding achievement in American plant breeding in many years." The late Dr. Ernest Wilson referred to them as "truly beautiful Azaleas." Which from so eminent and conservative authority is indeed high praise.

All are happiest when growing in full sunlight. They are deciduous in the north but evergreen here. The reddish bronze colored autumn foliage is very pleasing.

	Each	10	100
BRIARCLIFFE. A deep rich, reddish pink, identical in color with the well known rose of that name.			
2 in. pot plants		\$1.50	\$12.50
1 yr. in field beds XX trans.	\$0.35	2.50	20.00
12 to 15 in. B&B75	6.00	
CARDINALIS. A dark cardinal red. This variety has the pleasing characteristic of developing new leaf growth with the flower.			
2 in. pot plants		\$1.50	\$12.50
1 yr. in field beds XX trans.	\$0.35	2.50	20.00
DEXTER'S PINK. A bright, glistening pink, and a very good grower. We especially like this one.			
2 in. pot plants		\$1.50	\$12.50
1 yr. in field beds XX trans.	\$0.35	2.50	20.00
12 to 15 in. B&B75	6.00	
EARLY DAWN. A beautiful soft radiant pink, fading silvery.			
2 in. pot plants		\$1.50	\$12.50
1 yr. in field beds XX trans.	\$0.35	2.50	20.00
12 to 15 in. B&B75	6.00	
MELLO-GLO. A charming cerise-pink, with golden suffusion and distinct base of corolla.			
2 in. pot plants		\$1.50	\$12.50
1 yr. in field beds XX trans.	\$0.35	2.50	20.00
12 to 15 in. B&B75	6.00	
MOSSIEANA. A rich orchid-lavender, and is the strongest grower of the group.			
2 in. pot plants		\$1.50	\$12.50
1 yr. in field beds XX trans.	\$0.35	2.50	20.00
12 to 15 in. B&B75	6.00	

New U. S. D. A. Azaleas

A group of new varieties of this wonderful June-blooming hardy evergreen Azalea released by the U. S. Department of Agriculture. Most of these were collected by the Department at the Agricultural College, Imperial University Komaba, in Tokyo, Japan. They have been tried out by the U. S. Department of Agriculture staff and other interested growers and have been selected as being worthy of introduction in this country. We were one of the original growers selected to propagate these for the trade.

In ordering these Azaleas please use the number following the name, this will insure you getting the variety you want.

Ridgway's color chart used as a guide to colors.

Our 1 yr. in field beds XX trans. have been grown in outside beds one year also in the greenhouse one year thus making them really two years old. The 2 yr. in field beds XX trans. have been growing in field beds 2 years and greenhouse 1 year.

	Each	10	100
BENI KIRISHIMA. (No. 77113 R. Indicum.) A semi-double form; the flowers are old rose to Eugenia pink.			
2 in. pot grown		\$0.75	\$ 6.00
1 yr. in field beds XX trans.		1.25	10.00
2 yr. in field beds XX trans.		1.75	15.00
6 to 8 in. B&B	\$0.50	4.00	30.00
8 to 10 in. B&B75	6.00	
10 to 12 in. B&B90	7.50	
12 to 15 in. B&B	1.00	8.50	

CARMINATA SPLENDENS. (No. 78376 R. sp.) Flowers a deep pink, of the general type of the Kurume Azaleas.

2 in. pot grown	\$0.75	\$ 6.00
1 yr. in field beds XX trans.	1.25	10.00
9 to 12 in. B&B	\$0.75	6.00

GIBIYAMA. (No. 77091 R. Obtusum Japonicum). Pale Amparo purple and phlox purple. Five-lobed, starry Kurume.

2 in. pot grown	\$0.75	\$ 6.00
1 yr. in field beds XX trans.	1.25	10.00

HINOHAKAMA. (No. 77126 R. sp.) Introduced last year. Rose-purple flowers.

2 in. pot grown	\$0.75	\$ 6.00
1 yr. in field beds XX trans.	1.25	10.00
9 to 12 in. B&B	\$0.75	6.00

HO-ODEN. (No. 77112 R. sp.) Probably a garden hybrid. Hose-in-hose; flowers about 1½ inches in diameter. Thulite pink irregularly edged with white.

2 in. pot grown	\$0.75	\$ 6.00
1 yr. in field beds XX trans.	1.25	10.00
12 to 15 in. B&B	1.00	8.50

ILLUMINATA. (No. 78378 R. sp.) Flowers rosy purple. The bush somewhat resembles Azalea Amoena in habit.

2 in. pot grown	\$0.75	\$ 6.00
1 yr. in field beds XX trans.	1.25	10.00

KACHO NO KAWA. (No. 77077 R. sp.) Probably a garden hybrid; slightly darker than Spinel pink, with flowers 1½ inches across.

2 in. pot grown	\$0.75	\$ 6.00
1 yr. in field beds XX trans.	1.25	10.00
9 to 12 in. B&B	\$0.75	6.00

KOCHO NO MAI. (No. 77136 R. Obtusum Japonicum). Kurume: flowers light phlox purple; lighter in the throat.

2 in. pot grown	\$0.75	\$ 6.00
1 yr. in field beds XX trans.	1.25	10.00
12 to 15 in. B&B	1.00	8.50

KORAINI. (No. 77137 R. sp.) Possibly a garden hybrid (eight stamens), flowers rose blotched with dark red.

2 in. pot grown	\$0.75	\$ 6.00
-----------------------	--------	---------

U. S. D. A. AZALEAS, Continued

MACRANTHA. (No. 78380 R. Indicum). Flowers deep salmon. A late flowering azalea of very compact habit, with narrow evergreen leaves.

	Each	10	100
2 in. pot grown	\$0.75	\$ 6.00	
1 yr. in field beds XX trans.	1.25	10.00	
2 yr. in field beds XX trans.	1.75	15.00	

MACRANTHA. (No. 78382 R. Indicum). Flowers rich orange. Resembles No. 78380 except in the hue of the flowers.

2 in. pot grown	\$0.75	\$6.00
1 yr. in field beds XX trans.	1.25	10.00
2 in. pot grown	\$0.75	\$6.00
9 to 12 in. B&B	\$0.75	6.00
12 to 15 in. B&B	1.00	8.50

MACROSTEMON. (No. 77690). A low half-evergreen Japanese shrub with pubescent elliptic-oblong leaves half an inch long and salmon-red flowers an inch across having stamens twice as long as the corolla. Closely related to R. Obtusum.

2 in. pot grown	\$0.75	\$6.00
1 yr. in field beds XX trans.	1.25	10.00
2 in. pot grown	\$0.75	\$6.00
9 to 12 in. B&B	\$0.75	6.00
12 to 15 in. B&B	1.00	8.50

MRS. CARMICHAEL. (No. 78381 R. sp.) Flowers rosy purple. A hybrid with growth somewhat like the Kurume Azaleas, but much larger flowers, many of which show some petaloid development in the stamens. With us this variety is not as hardy as the others in this collection.

2 in. pot grown	\$0.75	\$ 6.00
-----------------------	--------	---------

OSAKAZUKI. (No. 77094 R. Indicum). A large rose-pink flower. Good grower.

2 in. pot grown	\$0.75	\$ 6.00
1 yr. in field beds XX trans.	1.25	10.00
2 yr. in field beds XX trans.	1.75	15.00

8 to 10 in. B&B75	6.00	
10 to 12 in. B&B90	7.50	
12 to 15 in. B&B	1.00	8.50	

Indica Azaleas

The Indica Azaleas are the most attractive winter flowering shrubs in the south. Varieties of Azalea Indica coming into flower when so little else is in bloom are a mass of beauty on private estates of the south in early spring. The famous Magnolia Gardens near Charleston, S. C., where many varieties of Azaleas are seen by throngs (special trains being run just to see these wonderful Azaleas) of visitors every spring, has been said to be the loveliest spot in America.

While these Indica Azaleas are not dependably hardy, even this far north, I believe they would make one of the best pot-grown Azaleas for forcing and selling in the northern markets. It would be no trouble to have them in bloom by Christmas. Get a few and try them out. They are most showy.

ANTHENON. White to pale pink, with rose-pink center. An extremely late bloomer. Compact grower.

	Each	10	100
2 in. pot plants		\$0.75	\$6.00
3 in. pot plants	\$0.25	1.75	15.00

CROEMINA. Very large shell-pink. One of the most beautiful of all Azaleas. Early.

2 in. pot plants		\$0.75	\$6.00
3 in. pot plants	\$0.25	1.75	15.00

COCCINEA MAJOR. A tall growing scarlet of great merit. Midseason.

3 in. pot plants	\$0.25	\$1.75	
------------------------	--------	--------	--

DUKE OF WELLINGTON. Flowers rosy-salmon with dark center, medium grower, midseason.

2 in. pot plants		\$0.75	
3 in. pot plants	\$0.25	1.75	

INDICA AZALEAS, Continued

	Each	10	100
DUC DE ROHAN. Flowers salmon-pink, of medium size, very free flowering, early. Medium grower.			
2 in. pot plants		\$0.75	\$6.00
3 in. pot plants	\$0.25	1.75	15.00

DIXIE. This salmon-red variety is one of the finest of all the Azaleas. An early bloomer, tall, compact grower, prolific in flowering.

2 in. pot plants		\$0.75	\$6.00
3 in. pot plants	\$0.25	1.75	15.00

ELEGANS. One of the best of the early flowering Azaleas. Flowers of medium size, light to rose pink, strong, rather open and tall grower. A great favorite wherever known.

2 in. pot plants		\$0.75	\$6.00
3 in. pot plants	\$0.25	1.75	15.00

FIELDER'S WHITE. Large pure white flowers that open early.

3 in. pot plants	\$0.25	\$1.75	
------------------------	--------	--------	--

FORMOSA. A robust, strong growing Azalea, with good foliage and large, rosy-purple flowers, freely produced. One of the easiest to grow.

2 in. pot plants		\$0.75	\$6.00
3 in. pot plants	\$0.25	1.75	15.00

GLORY OF SUNNINGHILL. A late bloomer of vermillion red color, a compact grower with very dark foliage. One of the best reds.

2 in. pot plants		\$0.75	\$6.00
3 in. pot plants	\$0.25	1.75	15.00

IVERYANA. One of the finest variegated Azaleas. Flowers large, white with rose-pink, sometimes orange stripes. Midseason.

3 in. pot plants	\$0.25	\$1.75	
------------------------	--------	--------	--

PRINCE OF ORANGE. An orange-scarlet. Late. Compact grower.

2 in. pot plants		\$0.75	\$6.00
3 in. pot plants	\$0.25	1.75	15.00

PHOENECIA. A very fine sort, with rosy-lilac or lavender flowers. Stands sun well.

3 in. pot plants	\$0.25	\$1.75	
------------------------	--------	--------	--

the flame colored Azaleas. Free bloomer, tall and fast grower. Midseason.

2 in. pot plants		\$0.75	
3 in. pot plants	\$0.25	1.75	

ROYAL RED. Probably the finest of all the red ones. A compact tall grower and free bloomer.

2 in. pot plants		\$0.75	\$6.00
3 in. pot plants	\$0.25	1.75	

VENUS. A small to medium growing bush, flowers medium in size, white, occasionally with pink stripe; compact grower, good foliage.

2 in. pot plants		\$0.75	\$6.00
3 in. pot plants	\$0.25	1.75	15.00

VITTATA FORTUNEI. A strong open grower, blooming a long season. Flowers very variable; mostly white with faint lavender stripes.

2 in. pot plants		\$0.75	\$6.00

A NEW BOOK—AZALEAS AND CAMELLIAS

By H. H. HUME

Interest in Azaleas and Camellias is greatly increasing. Until now, little information on varieties, care, and culture of these plants has been available. Mr. Hume accurately and thoroughly describes the varieties best suited for various uses and discusses questions on culture, such as soils, fertilization, planting, propagation, and general care, indoors and out. He has taken special care to describe accurately the several groups and varieties, and his suggestions on the use and culture are very practical. If you are growing Azaleas Rhododendrons and Camellias you will find this book of much help.

Price \$1.50 postpaid.

Miscellaneous Azaleas

In the following list of Azaleas you will find many species. They are not classified or separated as to their different species but we hope to have this information as complete as possible for publication at a later time. We are trying to give such descriptions that you may know, or have a general idea what each variety is like.

Our 1 yr. in field beds XX trans. have been grown in outside beds one year also in the greenhouse one year thus making them really two years old. The 2 yr. in field beds XX trans. have been growing in field beds 2 years and greenhouse 1 year.

Each 10 100

ALTA CLARENCE. A very fine large flower of intense brilliant yellow.

18 to 21 in. B&B\$2.90 \$18.50

CALENDULACEA. The flaming color of the flowers is unequaled by any other spring flowering plant. The colors run from light salmon to deep golden orange and scarlet and usually appear before the foliage is fully developed, the latter part of May or early June.

12 to 18 in. trans.\$0.40 3.00 25.00
18 to 24 in. trans.50 4.00 35.00

DILATATUM. A very beautiful Azalea. Bright deep rose flowers in spring. Blooms early in spring before the leaves appear, covering the entire plant.

2 in. pot grown\$1.00 \$7.00
3 to 4 in. trans.75 5.00
4 to 6 in. trans. 1.00 7.50

12 to 18 in. B&B	\$0.75	\$6.00	

VISCOSA (Swamp Honeysuckle). Late blooming. Grows in low swampy soils. The flowers are pure white sometimes flushed with pink.			
12 to 15 in. B&B	\$0.45	\$4.00	\$35.00
15 to 18 in. B&B50	4.50	40.00
2 to 3 ft. B&B75	6.50	
3 to 4 ft. B&B90	7.50	

YODOGAWA. Purplish-pink, brilliant double flowers in early spring. A semi-evergreen Japanese Azalea.			
1 yr. in field beds XX trans.		\$1.75	\$15.00
2 yr. in field beds XX trans.		2.50	20.00
10 to 12 in. B&B	\$0.80	7.00	
12 to 15 in. B&B	1.00	8.50	
15 to 18 in. B&B	1.25	11.00	

THE NURSERY MANUAL. By L. H. Bailey.

Indispensable to everyone who propagates plants. Contains an extended alphabetical list of plants with full indications under each one for propagation, whether by seeds, layers, cuttings, buds, grafts or otherwise. 456 pages. Price 3.00 postpaid.

Hardy Hybrid Rhododendrons

Most everybody agrees that Rhododendrons are among the most showy of all the flowering plants, and most everybody would also like to grow some but the price has always been a great drawback to quantity planting. We believe you will find our prices low enough so that you can resell them at a fair price and still make a good profit. This collection is among the very best of the hardy hybrid varieties; all good growing and good flowering kinds. Push them a little and see how your sales increase. The smaller sizes are just right for lining out and growing on.

Send us a trial order for Rhododendrons. We know you will like what we send you.

Each 10

ALBUM ELEGANS. A rapid growing tall variety recommended for backgrounds. Buds and flowers are blush fading to white. Extremely hardy.

18 to 24 in. B&B	\$2.00	\$17.50
24 to 30 in. B&B	2.50	22.50
30 to 36 in. B&B	3.00	27.50

AMERICA. An excellent deep red of open spreading habit. Hardy and easily forced.

12 to 15 in. B&B	\$1.00	\$8.50
18 to 24 in. B&B	2.00	17.50
24 to 30 in. B&B	2.50	22.50

AMPHION. A striking large deep pink flower with pure white center. Good forcing variety.

6 to 9 in. B&B	\$0.60	\$5.00
18 to 24 in. B&B	2.00	17.50
24 to 30 in. B&B	2.50	22.50

CATAWBIENSE ALBUM. A pure white of good compact habit. Produces an abundance of buds. A good hardy variety.

12 to 15 in. B&B	\$1.00	\$8.50
18 to 24 in. B&B	2.00	17.50
24 to 30 in. B&B	2.50	22.50

CATAWBIENSE GRANDIFLORUM. A rosy-lilac hybrid recommended for mass planting as it buds heavily, is hardy and is particularly resistant to disease.

12 to 15 in. B&B	\$1.00	\$8.50
18 to 24 in. B&B	2.00	17.50
24 to 30 in. B&B	2.50	22.50

DR. H. C. DRESSELHUYS. A popular tall growing analine red that is hardy and easily forced. Very large flower.

12 to 15 in. B&B	\$1.00	\$8.50
15 to 18 in. B&B	1.25	11.25
18 to 24 in. B&B	2.00	17.50
24 to 30 in. B&B	2.50	22.50

F. D. GODMAN. Large rich crimson blooms with dark blotch. Excellent for massing.

12 to 15 in. B&B	\$1.00	\$8.50
------------------------	--------	--------

IGNATIUS SARGENT. A rapid, vigorous growing light red Rhododendron.

12 to 15 in. B&B	\$1.00	\$8.50
18 to 24 in. B&B	2.00	17.50
24 to 30 in. B&B	2.50	22.50

LEE'S DARK PURPLE. An extremely hardy dark purple having a large number of buds. This variety naturally produces compact globular specimens which force easily.

6 to 9 in. B&B	\$0.60	\$5.00
12 to 15 in. B&B	1.00	8.50
18 to 24 in. B&B	2.00	17.50
24 to 30 in. B&B	2.50	22.50

HARDY HYBRID RHODODENDRONS, Continued

MRS. C. S. SARGENT. Each 10
A hardy, deep rose-pink of compact habit. Splendid outdoor variety for mass planting.

6 to 9 in. B&B	\$0.60	\$5.00
12 to 15 in. B&B	1.00	8.50
15 to 18 in. B&B	1.25	11.25
18 to 24 in. B&B	2.00	17.50
24 to 30 in. B&B	2.50	22.50

PRESIDENT LINCOLN. An easily forced, tall growing lavender.

18 to 24 in. B&B	\$2.00	\$17.50
24 to 30 in. B&B	2.50	22.50

ROSEUM ELEGANS. In habit, this is the best of all the hybrids as every plant is a natural heavily budded, compact globe. Its lavender-pink flowers are easily forced and it is extremely hardy.

12 to 15 in. B&B	\$1.00	\$8.50
15 to 18 in. B&B	1.25	11.25
18 to 24 in. B&B	2.00	17.50
24 to 30 in. B&B	2.50	22.50

VAN DER BROEKE. A fine dark spotted carmine. A strong compact grower.

6 to 9 in. B&B	\$0.60	\$5.00
----------------------	--------	--------

VAN WEERDEN POELMAN. An enormous, crimson flower and a good growing variety.

6 to 9 in. B&B	\$0.60	\$5.00
----------------------	--------	--------

MIXED HYBRID SEEDLINGS. Each 10 100
These are from seed collected from choice named varieties.

2 to 4 in. trans.	\$0.60	\$5.00
12 to 15 in. B&B	\$0.60	5.00
15 to 18 in. B&B75	6.00
18 to 24 in. B&B	1.00	8.50
24 to 30 in. B&B	1.25	10.00

Rhododendron Species

CAROLINIANUM. 10 100 1000
Leaves rather small, narrow, dark green above, covered with brownish dots beneath; clusters of clear rose-pink flowers in May; hardy.

3 to 4 in. trans.	\$0.75	\$5.00
4 to 6 in. trans.	1.00	7.50
6 to 8 in. trans.	1.25	10.00
8 to 12 in. trans.	\$0.25	2.00

KEISKI. A low open growing evergreen Rhododendron species having large lemon yellow flowers.

3 yr. S. XX trans.	\$0.25	\$2.00
-------------------------	--------	--------

MAXIMUM. Good for massing. Perfectly hardy, will thrive in shaded positions. The flowers vary in color from pure white to delicate shades of pink and bears in great profusion. Follows the hybrids in bloom.

6 to 12 in. trans.	\$0.25	\$2.00	\$17.50
-------------------------	--------	--------	---------

METTERNICHII. A hardy variety growing four feet high. Flowers rose-colored, spotted purple within. Rare in cultivation.

3 yr. S. XX trans.	\$0.25	\$2.00
-------------------------	--------	--------

MICRANTHUM. A rapid growing evergreen Rhododendron species with clusters of small white flowers in June.

2 to 3 ft. B&B	\$1.00	\$8.00
----------------------	--------	--------

SMIRNOVII. A small tree to 20 feet. Many rosy red flowers in a compact head.

4 in. pot plants	\$0.40	\$3.50	\$30.00
------------------------	--------	--------	---------

A NEW BOOK—AZALEAS AND CAMELLIAS

By H. H. HUME

Interest in Azaleas and Camellias is greatly increasing. Until now, little information on varieties, care, and culture of these plants has been available. Mr. Hume accurately and thoroughly describes the varieties best suited for various uses and discusses questions on culture, such as soils, fertilization, planting, propagation, and general care, indoors and out. He has taken special care to describe accurately the several groups and varieties, and his suggestions on the use and culture are very practical. If you are growing Azaleas Rhododendrons and Camellias you will find this book of much help.

We have some nice plants of *Buxus Suffruticosa* up to 24 in. in diameter. Will quote price on request. Let us know the sizes and how many you will want.

We believe you will find the quality of our stock as good as you can get anywhere, regardless of the price you may pay. We want the stock we send you to merit your orders again when you need more stock.

Ilex (Holly)

We consider the Holly one of the very best ornamental trees or shrubs. Nothing is prettier than one of our American Hollies with great clusters of bright red berries and dark green leaves shining above the snow in winter. The nurseryman who will grow a collection of Hollies to a specimen size will have something that he can sell whether times are good or whether they are bad. There is always a demand for them, and there will be as long as any other plants will sell. We believe there is money in growing them and will increase our stocks as fast as we can. Our advice is plant some Hollies and in a few years we believe you will have some valuable property.

	Each	10	100	1000
ILEX AQUIFOLIUM. (English Holly). This is not as hardy as the American Holly (<i>Ilex Opaca</i>) but can safely be planted from New Jersey southward. The foliage is a bright glistening green and the berries are larger than the American. Very beautiful.

Taxus (Yew)

It is only in the past few years that nurserymen in the United States have begun to really appreciate and grow the Yew. In England there are Yews more than a hundred years old, but unfortunately the English Yew (*Taxus Baccata*) is not reliably hardy in the North and many do not realize that the Japanese and many forms of *Media* are perfectly hardy in and around Boston, and the Japanese even in northern New England.

They are not so particular as to character of soil but they do appreciate a plenty of good plant food. They are immune to the many plant diseases and insects so destructive to so many other evergreens.

We think the Yew in its many species and forms can be used in most any and all places where any other evergreen will do well.

We honestly believe you will do well to plant and grow on some or many of these Yews.

	Each	10	100	1000
TAXUS BACCATA (English Yew). Widely planted in English churchyards. A good ornamental. Hardy as far north as New York City. Upright, dark green foliage. Very good for the South.

21 to 24 in. B&B	2.00		

TAXUS BACCATA OVERIENDER. This is a very beautiful form of the English Yew. Fine, short leaves, dark green in color. Very close, compact habit of growth. Scarce in the United States.

3 to 4 in. trans.		\$1.25	\$10.00
4 to 6 in. trans.		1.50	12.50

TAXUS, Continued

	Each	10	100	1000
TAXUS BACCATA FASTIGIATA. (Irish Yew). A strictly fastigiate form, with stout crowded upright branches and branchlets: leaves radially arranged around the branches, dark glossy green, more obtuse than in the type. One of the most desirable evergreens of columnar habit for formal gardens. Would not recommend for planting north of Philadelphia, although it is hardy on Long Island.				
4 to 6 in. trans.		\$1.50	\$18.50

TAXUS CUSPIDATA. (Japanese Yew). For any and every purpose in which evergreens are required the Japanese Yew can be recommended. Perfectly hardy in the coldest parts of New England northward to Ottawa, Canada, immune from diseases or pests. Accomodating to an extraordinary degree, withstanding shade or full sunshine, dark green at all seasons of the year. Small wonder that this plant has been acclaimed Japan's greatest gift to the gardens of America.

AS GOOD AS CAN BE GROWN

We are exerting every effort to produce the very best stock that can be grown, and in our twenty-nine year's experience we believe we have never offered bigger values than we are offering this season. We feel sure you will be more than pleased with the stock we will send you if you will give us your order.

We try to secure all our propagating wood from only the best type of plants, and by doing this we can furnish you stock that should be of the best that it is possible for you to get anywhere regardless of price.

And Finally: We come to near the bottom of the last page in this catalog and price list and we sincerely hope you will be repaid for the time you have used in looking it through. We use this for our salesman and if it has been the means of securing an order from you we feel that it has accomplished its purpose. After receiving your order we will try to so please you with the stock we send you that you will be glad to receive another price list from us next fall. If everything is not all right, tell us and we will do our best to correct any mistakes that we may make.

Neponset Flower Pots

RED Flower Pots. For storage and shipping. Made of specially treated paper intended for use in shipping plants which have been grown in clay pots. The paper is water-resistant and will stand up under reasonable moisture conditions for several weeks.

BLACK Flower Pots. Especially adapted for growing and shipping plants. Made of tough, waterproof paper, eliminating breakage. Their construction permits speed in handling and economy in growing and shipping. Get this one to grow plants in.
